CURRICULUM VITAE

Generalities

Born on March 28, 1950. Citizen of Denmark. Graduated from high school 1969. Fluent speaker of Danish, English, French and Japanese.

Academic degrees

Master of Science, Copenhagen University 1976.
Ph.D (licentiat) in mathematics, Copenhagen University 1983.
Dr. scientiarum (doctor of science), Copenhagen University 2000.

Early research affiliations

French government stipend for studies at the University of Paris, 1973-1974.
Various Danish stipends for postgraduate research, 1977 – 1983.
Mombusho stipend for research at RIMS Kyoto University, 1977-1979.
Grant for research at CNRS (University of Aix-Marseille at Luminy), 1979.
Swiss stipend for research at the University of Geneva, 1979-1980.

Employment

Assistant at Copenhagen University, 1971–1977.
Lecturer at Copenhagen University, 1983.
Assistant professor at Copenhagen University, 1984–1988.
Associate professor at the Department of Economics, Copenhagen University, since 1988.

Editor of the following journals

Mathematical Inequalities and Applications
Journal of Inequalities in Pure & Applied Mathematics
The Australian Journal of Mathematical Analysis and Applications
Operators and Matrices.

Reviewer for Mathematical Reviews and Zentralblatt

Referee for the following 32 journals

Mathematische Annalen, Proceedings of the American Mathematical Society, Linear Algebra and its Applications, American Mathematical Monthly, Journal of Functional Analysis, Communications in Mathematical Physics, Letters in Mathematical Physics, Journal of Inequalities in Pure & Applied Mathematics, Publications of RIMS Kyoto University, Mathematical Inequalities and Applications, International Journal of Mathematics, Glasnik Matematički, Indiana University Mathematics Journal, Mathematica Scandinavica, SIMAX, Kodai Mathematical Journal, International Journal of Quantum Information, The electronic Journal of Linear Algebra, Royal Society of Edinburgh Proceedings A (mathematics), Cubo Journal, Proceedings of the Royal society A, London Mathematical Society Journals, Journal of Operator Theory, Linear and Multilinear Algebra, Journal of Entropy, Periodica Mathematica Hungarica, The Australian Journal of Mathematical Analysis and Applications, Theory and Decision, Journal of Statistical Physics, Journal of Mathematical Economics, Proceedings of the National Academy of Sciences of the United States of America, Entropy. Journal of Mathematical Analysis and Applications.

Selected recent conferences

Invited speaker at the 2006 workshop in Risk, Utility and Decision in Paris, June 28-30 (2006). Invited speaker at the 97th Statistical Mechanics Conference at Rutgers University (Pennsylvania), May 6-8 (2007). Invited speaker at the International Conference on Stochastic Analysis and Related Fields at Huazhong University of Science and Technology, Wuhan, China, April 7-11 (2008). Invited speaker at the Conference on Mathematical Explorations in Modern Statistics, Sestri Levante, Italy, May 19-20 (2008). Plenary speaker at the Conference on Mathematical Inequalities and Applications, Trogir, Croatia, June 8-14 (2008). Invited speaker at the Danish-Norwegian Workshop on Operator Algebras, December 12-15 (2008). Invited speaker at the Mid-Night Sun Conference on Analysis, Inequalities and Homogenization in Luleå, Sweden, June 8-11 (2009). Invited speaker at the 16th conference of the International Linear Algebra Society, Pisa, Italy, June 21-25, 2010. Invited speaker at third conference on Information Geometry and its Applications, Max-Planck-Institute, Leipzig, Germany, August 2-6, 2010.

Miscellaneous

Visiting professor at RIMS, Kyoto University, October 2008. Thesis advisor for 35 master students in mathematics and finance. Served as chairman or member of evaluation committees for the Ph.D. degree; in Denmark, Sweden and France.
