#### 4.5 Comments to the lecturer

Comments about the teaching, the curriculum etc.

Would help if some of the central math is derived on the blackboard!

---

teaching is quite interesting, understandable. lecturer is quite explicit, communicates well to students. curriculum gives room for further research in related topics, in economics. the lecturer have high skills in methodology, and explicit examples, in relation to the course. i enjoy the course. thanks to the lecturer.

Slides'ene til hver gang er virkelig gode og gennemarbejdede, men nogen gange er det lige før der står for meget på dem. Måske ville det være bedre, hvis de helt centrale ting i højere grad blev fremhævet på slides'ene og at du så mundtlig sagde 'resten'.
